

Dr.K.V.Subba Reddy Institute of Technology

DEPARTMENT OF CIVIL ENGINEERING

**NEWS LETTER
2017-2018**

Chairman's Message

Dr. K V Subba Reddy
Chairman

As a reputed Educationist having more than three decades of Experience in the field of Teaching from School to Post Graduation, Dr.K.V.Subba Reddy has the sole objective of promoting ancient Indian values and adopting modern technology in Technical Education. Every student moving out of our Institutions should become a useful citizen who can help himself /herself and also the motherland. The students should be made job ready so that the Industry Knock the doors of our college for Campus Drives. Through disciplined hard work, the students would realize the vision. **Vaibhav Educational Society** was established in 2005 with chief objective of establishing Quality Educational Institutions in the backward Rayalaseema Region. The erstwhile capital of the erstwhile Andhra State is deprived of development mainly due to lack of Quality Professional Educational Institutions. The society has been making sincere attempts in that direction by establishing Engineering, Pharmacy and Teacher Education Colleges in one big Campus giving the shape of a University. Someday, the campus would definitely become a Deemed to be University.

Smt. K. Vijaya Lakshamma
Secretary & Correspondent

Secretary's Message

It is rightly said that the future of India is shaped in the class Rooms .It is the Educational Institutions which mould the character and caliber of the young men and women. We aim to play our own role in the vision of building strong India by offering Education which helps the students to stand on their own legs, to exercise the knowledge imparted to them and to experiment with fresh ideas to become entrepreneurs and be able to employ others instead of searching for employment. The Members of our Managing Body would be a source of Inspiration for the youth in the achievement of this objective.

Principal's Message

Recent growth and positive changes in the Indian and global economy have created excellent array of opportunities for our country. To better serve the needs of our growing economy, JNTUA, Anantapur recognizes institutional diversity.

ABOUT INSTITUTE

This institution was established in the year 2007 by Dr.K.V.Subba Reddy, Chairman, K.V.Subba Reddy group of institutions and his wife Smt.S.Vijaya Lakshamma correspondent K.V.Subba reddy group of institutions with an altruistic motive of providing deserved technical education to the students with humble education background.

Dr.KVSRIT is located at Dupadu Village, On the highway NH-44,towards Kurnool to Bangalore, in a sprawling area spreading over 40 acres admist lush green fields. the scenic landscape and the serene environment is absolutely conducive for academic pursuits. The institute which is 9km away from Kurnool city can be reached by bus or auto.

The institute offers 5 UG Programs in CSE,ECE,EEE,ME and CE and Five PG Programs in MBA, MTech(ECE), MTech(EEE), MTech(CE), MTech(CSE).The institution has registered considerable growth in terms of infrastructure with the untiring efforts of management, the departments are accommodated with highly qualified and experienced faculty members. The institute is marching a head by imparting quality technical education with an objective of producing young engineers and managers endowed with dynamic skills and prudence to meet their future challenges.

ABOUT DEPARTMENT

Civil Department offers degrees for undergraduates and graduates in civil engineering areas .all degree programs combine the teaching of core principles with hands on laboratory experience, preparing the students for exciting carriers in industry and academia. Students at all levels can enrich their

educational experience by participating in professional students organizations like ISTE etc..The majority of our undergraduates go on to work in the Construction field at major companies like NCC.MEGA etc.. While others get involved in startups, work for government projects or continue their education in graduate school. A number of our graduate students continue into carriers in academia

Institute Vision

- To be a Leader in Technical Education Recognized for Excellence and Innovation with a Focus on Holistic Socio-Economic Development.

Institute Mission

- To Deliver Outcome Based Education infused with Experimental Learning through Well-Established Infrastructure.
- To Create a Conducive Environment to Develop Professional Skills, Nurture Innovation and Promote Interdisciplinary Research.
- To Develop Professionals through Innovative Pedagogy Focusing on Individual Growth, Discipline, Integrity, Ethics and Social Responsibility.
- To Foster Industry-Institution Partnerships Leading to Skill Development and Entrepreneurship.

DEPARTMENT VISION

To be a Center of Academic Excellence for imparting Quality Education, Research and Consultancy in Civil Engineering to meet Societal Needs with Credibility, Integrity and Ethical Standards.

DEPARTMENT MISSION

To Produce Technically Competent Civil Engineers with Best Practices of Teaching-Learning Process and Wide Range of Skills in Cutting Edge Technology for Sustainable Development imbued with Entrepreneurial Spirit and Professional Ethics to Serve the Society.

PROGRAM EDUCATIONAL OBJECTIVES (PSO'S)

PEO 1: Practice Civil Engineering in construction industry public sector undertaking and as an entrepreneur for a successful professional career.

PEO 2: Pursue higher education for professional development.

PEO 3: Exhibit leadership qualities with demonstrable attributes in lifelong learning to contribute to the societal needs.

PROGRAM SPECIFIC OUTCOMES

PSO 1: Analyze and Design Building and Transportation Systems.

PSO 2: Identify and recommend sustainable materials and technologies for alternate engineered solutions.

PSO 3: Provide solution to challenges in water supply and sewerage system.
