

Chairman's Message

Dr. K V Subba Reddy
Chairman

As a reputed Educationist having more than three decades of Experience in the field of Teaching from School to Post Graduation, Dr.K.V.Subba Reddy has the sole objective of promoting ancient Indian values and adopting modern technology in Technical Education. Every student moving out of our Institutions should become a useful citizen who can help himself /herself and also the motherland. The students should be made job ready so that the Industry Knock the doors of our college for Campus Drives. Through disciplined hard work, the students would realize the vision. **Vaibhav Educational Society** was established in 2005 with chief objective of establishing Quality Educational Institutions in the backward Rayalaseema Region. The erstwhile capital of the erstwhile Andhra State is deprived of development mainly due to lack of Quality Professional Educational Institutions. The society has been making sincere attempts in that direction by establishing Engineering, Pharmacy and Teacher Education Colleges in one big Campus giving the shape of a University. Someday, the campus would definitely become a Deemed to be University.

Secretary's Message

It is rightly said that the future of India is shaped in the class Rooms .It is the Educational Institutions which mould the character and caliber of the young men and women. We aim to play our own role in the vision of building strong India by offering Education which helps the students to stand on their own legs, to exercise the knowledge imparted to them and to experiment with fresh ideas to become entrepreneurs and be able to employ others instead of searching for employment. The Members of our Managing Body would be a source of Inspiration for the youth in the achievement of this objective.
